

SNC-LAVALIN AND THE FUTURE OF NUCLEAR

Francesca Ottoni
SNC-Lavalin Nuclear

Abstract

Over the past several years the Global Nuclear Landscape has evolved significantly. The restructuring of the several organizations, emergence of new players and growth in new areas has created significant opportunities for the Canadian Nuclear Industry. The lunchtime speech will focus on the changing dynamics within the industry and how SNC-Lavalin has positioned itself for future success in New Build, Small Modular Reactors and Decommissioning, etc.
