

Keith Stratton, P. Eng

President, Stratton Consulting Inc.

Keith is a professional Engineer and has worked in the CANDU industry since 1971, first with Canadian General Electric and later with New Brunswick Power Nuclear. His experience is quite broad – nuclear fuel design and testing, commissioning, operations (Fuel Handling), maintenance, engineering, projects, alternate station manager and strategic planning. Keith has held leadership positions throughout – the last being Deputy Chief Nuclear Officer. He served on the COG Board of Directors, the CSA Nuclear Strategic Steering Committee and the Canadian Nuclear Utility Executive Forum.

Keith completed the Ontario Hydro Senior Nuclear Plant Management Course. His international experience includes INPO Technical Assist visits to Korea and Romania, guidance to resolve fuelling machine issue in Pakistan and mentoring of staff in China and Romania.

Keith is President of Stratton Consulting Inc. and provides general consultant services to the nuclear industry specializing in organizational development, risk management and technical support.

Keith is an active member of the CNS Council and is currently the Chair of the CNS Program Committee for 2016-2017.
