

Chun, Young-ho
Vice President, Head of Plant Strategy Project Office
KHNP HQ

Korea Hydro & Nuclear Power Co., Ltd. (KHNP) is the largest electric power company which generates approximately 31.5% of the total electric power generated in Korea with 25 Nuclear Power units, 35 Hydro Power units and 23 renewable energy facility.

Chun Young-ho is the vice president of Plant Strategy Project Office in KHNP HQ since the beginning of 2017.

Previously, he was Director of Maintenance & Engineering Office in Hanbit Plant III in 2016 and General Manager of Maintenance Planning Team in HQ from 2014 to 2015.

He also has experiences with plant commissioning, maintenance and audit in KHNP.

Besides continued operation project, he is now responsible for large scaled refurbishment such as Steam Generators replacement, Containment Filtered Ventilation System (CFVS) installation and Fukushima follow-up actions, etc.
